PROFESSIONAL SUMMARY

Front-End Developer (React / Next.js): Passionate and self-motivated developer with 5 years of experience in building user-friendly and high-performance applications. After several years of mobile development using Flutter, I have transitioned to modern web development, focusing on React, Next.js, TypeScript, Redux Toolkit, React Query, and Tailwind CSS. Skilled in creating responsive UIs, managing application state, and integrating APIs efficiently, I have a great experience in dealing with:

- **React, Next.js, TypeScript**
- **Redux Toolkit, React Query**
- **Tailwind CSS, Responsive Design**
- **Git Control**
- **Dealing With Databases (Firebase , MySql)**
- **Dealing With Bugs**
- **RESTful APIs, Axios, Fetch**
- **CI/CD**

EDUCATION

Bachelor Of App Development. Islamic University (Palestine, Gaza)

- Overall GPA: 90/100
- Rank Of Excellence
